

NATIONAL CLIMATE CHANGE CONSCIOUSNESS WEEK 2015

EMB-CALABARZON Region joins the observance of National Climate Change Consciousness Week by encouraging the public and clientele of the Region to optimize adaptation and mitigation to comprehensively address the challenges of climate change towards sustainable development. EMB4A utilized banner displayed at the lobby of the Office to create awareness on Climate Change and global warming and to pursue intensive public participation to address and find solution for this concern.

In celebration of National Climate Change Consciousness Week, EMB CALABARZON joined the event thru the conduct of lecture/forum on what Climate Change is all about. Ms. Noemi Paranada, Chief of Clearance and Permitting Division, EMB4A, educated the participants during the Basic Training and Refresher Course for the Pollution Control Officers (PCO) on November 26, 2015 at Tagaytay Country Hotel in Olivarez Plaza, Tagaytay City. The training was attended by one hundred sixty (160) owners and PCOs of different companies within CALABARZON Region.

During the lecture, there were audience interactions and participations on what comes to their minds when they hear Climate Change and what things can be done by each one of them to prevent climate change and its effects to our environment.
