**Environmental Management Bureau – CALABARZON Region** celebrated Philippine Environment Month thru online activities amidst the COVID-19 pandemic. Let It Grow Online Photo Contest aimed to encourage everyone to plant and grow their own seedlings at home using recyclable or biodegradable materials and document the growth of their plants daily. Almost 300 participants sent their entries and the panel of judges narrowed it down to 10 winners announced on the EMBR4A facebook pages. Top winner is from Tanza Cavite named Gerrard Johan Chan who planted sitao on an old shoe. EMBR4A also invited industries to showcase their best practices in gardening thru Glow Up Your Garden photo contest. Among all the entries, Laguna International Industrial Park won 1<sup>st</sup> place.
