

**Environmental Management Bureau – CALABARZON Region** conducted “2020 World Environmental Health Day Seminar: Environmental Health, A Key Public Health Intervention in Disease Pandemic Prevention” spearheaded by Environmental Education and Information Section thru Microsoft Teams platform on September 29, 2020 and attended by participants from various sectors. Regional Director Noemi A. Paranada graced the said event by delivering her welcome remarks. Dr. Germinn Loui Apostol, Head Environmental Health Specialist of Ateneo School of Medicine and Public Health, discussed the Linkages Between Environmental Health and Human Health. Meanwhile, Engr. Marissa DC. Malabana, OIC Chemical and Hazardous Waste Management Section, lectured on Improper Handling of Chemicals and Hazardous Waste: Its Effects on Health and Environment. Lastly, For. Corazon C. Gasapos, OIC Solid Waste Management Section, enlightened everyone on Solid Waste Management amid the Pandemic. The seminar aims to educate the public with the current status and relation between the environment and human health and to promote awareness on the effects of human activities to the environment.
