

# EMB CALABARZON on RADYO TOTOO

As part of promoting environmental awareness, the EMB CALABARZON sought a different approach by joining the live airing of Radyo Totoo, DWAL FM 95.9 in Batangas City on May 30, 2016 to inform the public and address common environmental problems in the region.

As the OIC-EEIS and Legal Officer, Ms. Rysa Deron gave a brief background and updates on the information

Mr. Renz Belda, Anchorman of Radyo Totoo, DWAL FM 95.9 with Ms. Rysa D. Deron, Ms. Marissa DC. Malabana and Mr. Adonis Tomaro during the live airing of the program in Batangas City on May 30, 2016.

education campaign of the Bureau. Engr. Marissa DC. Malabana, on the other hand, gave an introduction about Republic Act 6969 or Toxic Substances and Hazardous and Nuclear Waste Control Act of 1990 while Engr. Adonis Tomaro discussed the relevance of the R.A. 8749 or the Philippine Clean Air Act. Apart from giving insights about the foregoing, the EMB CALABARZON representatives also willingly answered the questions of the radio listeners.

The radio program paved way to remind the public that taking care of the environment is part of each and every human being's social responsibility. "If not lack of information or awareness, one of the most common problems in our society is lack of discipline," Engr. Marissa Malabana said. Thus, everyone is encouraged to take active participation in protecting the environment by preserving our natural resources, reducing waste and by working together in the community.
