

Environmental Management Bureau – CALABARZON Region collected donations like clothes, food supplies, water, baby needs and toiletries from the EMB 4A personnel. The donations were distributed to the evacuees on January 16, 2020 at Padre Pio Shrine, Batangas led by the EMB Calabarzon Regional Director Noemi A. Paranada. The aftermath of the Taal volcano eruption has left Batangueños completely obliterated, those families on the island have lost pretty much everything except their lives.
