

**Environmental Management Bureau – CALABARZON Region** Environmental Education and Information Section (EMBR4A EEIS) Information Officer Anne Canceran and EMS Mitchel Ortiz gathered the Education, Information and Communication (IEC) materials from Environmental Education and Information Division (EEID) from the DENR Compound on February 8, 2021. These IEC materials together with the local IEC materials made by EMBR4A shall be distributed to LGUs, schools, and industries for the 2021 IEC campaign to inform, educate and empower the public and provide an opportunity for the Bureau to build strong stakeholders partnership and capacitate the youth through heightened awareness.
