

Environmental Management Bureau – CALABARZON Region joined the celebration of Earth Hour on March 27, 2021 by switching off all non-essential electrical lights from 8:30 PM to 9:30PM and turn a spotlight on our planet and the issues the public and our planet is facing. Earth Hour aims to increase awareness and spark global conversations on protecting nature not only to combat the climate crisis but to ensure our own health, happiness, prosperity and even survival.
