

Environmental Management Bureau – CALABARZON Region support the initiative of Environmental Education and Information Division in Central Office to recognize EMB Regional Champions on solid waste, air quality, water quality management, climate change management and mitigation through the “*Game Changer Communities Award*” that was launched on March 31, 2021. Among those who submitted their application, EMBR4A Regional Director Noemi A. Paranada chose four (4) nominees to the award based on their tremendous hard work in promoting environmental management that has made valuable contribution and beneficial impact to its communities.
