

**Environmental Management Bureau – CALABARZON Region** through its Environmental Education and Information Section conducted a webinar/workshop entitled: “Engaging the Youth in Environmental Protection thru Webinar on Solid Waste Management and Ecobrick Making Workshop” in celebration of the Philippine Environment Month 2021. The event was hosted by Ms. Crizena Remo, the Senior/Youth/PWD Focal Person of EMBR4A and was broadcasted Live on the EMBR4A's official Facebook page. Resource speakers, Engr. Mark Kevin Fungo from Ecological Solid Waste Management Division and Ms Rosalie Fuentes, Founder of Ecobricks Philippines emphasized that the Youth has an important role to play in reducing the waste that goes to our landfills.
