**EMB R4A** **EMB R4A**

**Environmental Management Bureau – CALABARZON Region** through its Environmental Education and Information Section celebrated National Ozone Protection Month by organizing an Online Spoken Word Poetry Contest via their official Facebook page on September 1, 2021 to challenge Spoken Word Artists to use their voice to show how The Montreal Protocol started life as a global agreement to protect the ozone layer and also challenge the public protect the environment with behavioral change. The Online Contest was open nationwide and the entries were judged based on their Message/Content, Delivery, Creativity, Clarity/Diction, Relevance to the theme and Overall Impact. All qualified entries are posted on the official Facebook page of EMBR4A and winners will be announced on September 30 during the World Environmental Health Day Webinar.
