

Environmental Management Bureau CALABARZON Region – conducts a webinar entitled “EMB Online Permit Application Processes and Requirements – Serbisyo para kay Juana” on March 03, 2022 via Microsoft Teams as part of the celebration of Women’s Month to provide assistance and further the knowledge of Pollution Control Officers in online permits processes and requirements. The said webinar was attended by 220 Pollution Control Officers from various industries and local government units in Quezon and Rizal provinces. Mr. Arnie Timoteo, OIC Management Information System, shared the online process on Company Registration System; Mr. Fauzi Marc Abing, Senior Environmental Management Specialist, discussed the Environmental Compliance Certificate and Certificate of Non-Coverage application; Engr. Adonis Tomaro, OIC Air Permitting Section, lectured on the Permit to Operate application; Engr. Karmela Innah Medrano, Environmental Management Specialist II, discussed Discharge Permit Application; and Engr. Marissa Malabana, OIC Hazardous Waste and Toxic Chemical Monitoring Section, explained the Hazardous Waste Generator’s I.D. Application and other permits.
