

Environmental Management Bureau CALABARZON Region – conducts a webinar entitled “EMB Online Permit Application Processes and Requirements – Serbisyo para kay Juana” on March 10, 2022 via Microsoft Teams as part of the celebration of Women’s Month to provide assistance to and further the knowledge of Pollution Control Officers in online permits processes and requirements. The webinar was attended by around 130 Pollution Control Officers from various industries and local government units in Batangas province. Mr. Arnie Timoteo - OIC Management Information System, Mr. Fauzi Marc Abing - Senior Environmental Management Specialist, Engr. Carter Daba - OIC Air Monitoring Section, Engr. Karmela Innah Medrano - Environmental Management Specialist II, and Engr. Marissa Malabana - OIC Hazardous Waste and Toxic Chemical Monitoring Section, were the speakers who discussed the online process on Company Registration System, Environmental Compliance Certificate and Certificate of Non-Coverage application, Permit to Operate application, Discharge Permit Application, and Hazardous Waste Generator’s I.D. Application respectively.
