

Environmental Management Bureau – CALABARZON Region conducted coastal clean up activity in Brgy. Olo-olo, Lobo, Batangas on May 7, 2022 in celebration of Month of the Ocean. The activity was spearheaded by EMB- Provincial Environmental Management Unit(PEMU) Batangas and present in the activity were Barangay officials headed by the Barangay Chairman Danilo Beredo and representatives from Monteville Corp. and ERC Quarry and crushing Plant Project. Total Solid Waste Collected from 600 m. coastal area were 2 kg of Special waste (face masks), 27 kg of Residual waste, 7 kg of recyclable waste and 25 kg of organic debris. The activity aims to promote proper waste management to all resort owners and tourists in the area and as part of our IEC on solid waste management.
