

**Environmental Management Bureau – CALABARZON Region (EMBR4A)** conducts its monthly monitoring of Malaking Ilog river system by collecting water samples from six different new sampling areas of the river in Tiaong and San Antonio, Quezon Province on January 18, 2022. The purpose of which is to ensure that the water body's quality is within the Water Quality Guidelines or Criteria conforming to its Class C classification. Mr. Rolin Gonzales, Mr. Froilan Fernandez and Mr. Bryan Tejada of the Water Quality Monitoring Team collected the water samples and brought the same to EMBR4A laboratory for testing.
